FAQ

Is the DISTRO4 compatible with any wireless microphone receiver?

Yes, the DISTRO4 is compatible with all major brands that use RF over BNC.

How many wireless microphone receivers can I connect to the DISTRO4?

You can connect up to 5 wireless mic receivers using the 8 antenna outputs and the two dedicated cascade outputs.

How many DISTRO4s can I connect together?

You can connect six DISTRO4s together, giving you a total 25 channels of wireless.

Can the DISTRO4 power my microphone receivers?

Yes, the DISTRO4 includes four DC output jacks to power up to four receivers.
